

Multiple Card  
Capacity

<1.0 Seconds  
Recognition  
Speed

Fraud  
Prevention

Anti  
Pass Back

Card Capacity	10.000
Recording Capacity	30.000
Card reader	Proximity (Opsiyonel Mifare)
CPU	32 Bit Microprocessor
Communication	100m. Ethernet Port, Real Time Data Transfer
Additional Feature	Detection
Operating Voltage	DV 12V
Working Current	3A
Power Protection	Flash ROM
Operating Temperature	-40°C ~ 70°C
Working Mood	Offline / Online
Identification Mode	Wiegand 26/32/34 (Motorola/HID/EM/Mifare, TI, Fingerprint, Handkey, IRIS)
Access Control	Direct door lock control / Door lock control with Wiegand access control / 50 different time intervals can be defined / Combination Identification / Anti-pass back
Multi-Door Control	Supports
Self Test	Supports
Recognition Speed	<1.0 seconds

Led Indicator	Red, Green, Blue, Orange
Floor Quantity	Single Double Direction
Number of Networked Doors	No limit
Size	220x120x28mm
