Card Capacity	10.000
Recording Capacity	30.000
Card reader	Proximity (Opsiyonel Mifare)
Communication	Maximum 100m between panels.
Additional Feature	Detection
Audio Output	Buzzer
Operating Voltage	DC 9V - 16V
Working in Humid Environment	10% - 90%
Operating Temperature	-10°C ~ 50°C
Working Mode	Offline / Online
Identification Mode	ID Card, (125 Khz, Opsiyonel olarak 13,56 Mhz)
Access Control	Direct door lock control / Door lock control with Wiegand access control / 50 different time intervals can be defined / Combination Identification / Anti pass back
Multi-Door Control	Supports
Alarm Feature	Forgery / Long time open door / illegal door opening and alarm
Self Test	Supports
FAR/FRR	0.0001(%)

Recognition Speed	<1.0 seconds
Smart Adaptation Feature	Supports
Reading Distance	5 - 10 cm
Working Current	≤80 mA
